PERFORMANCE UNLEASHED 🗲

SINCE 2008, Miami-based Fitletic has been proudly offering an array of innovative products to support all varieties of athletes. And our collections just keep growing.

Whether it's running, hiking, cycling, walking, or other fitness endeavors, our products are designed to eliminate the distractions that keep athletes from unleashing their performance. We continue to provide the highest quality and most comfortable products on the market, while we pay special attention to the finest details.

Our fitness solutions feature our exclusive Dura-Comfort Technology, combining Neoprene with soft, technical fibers for water resistance. Our hydration belts are equipped with our own Silicon Grippers to eliminate bounce.

As we move into another season of fitness, we want to thank all the store owners and buyers for their support and for offering Fitletic gear.

DISTANCE 🗲

Where there is a will to go farther, Fitletic provides the way. For distance athletes, our hydration solutions include lightweight, technical features that matter. Water-resistant materials keep your phone, keys, and other essentials protected. Exterior gel loops provide easy on the fly access. In addition, the silicon grippers eliminate bounce so your water bottles and gels are exactly where you want them to be.
